Deb,

I assume you don't want a briefing on South Fork but I am double checking. We did not get negative comments. We got supportive comments from a few folks and technical changes and supportive comments from the company. Please let me know. Thanks.

Lynne

Hi Lynne and Cynthia,

Can you check whether Deb wants a briefing on this? I'm working under the assumption of 'no,' but I also don't know whether I've asked you this question head on.

Thank you,

Pat
